

Gulf Coast Conference

October 16-17, 2018

The Gulf Coast Conference will focus on the petrochemical analysis industry trends, news, regulatory activities, technical information, and the successful implementation of various technical & business methodologies important to those professions. You will find technology and products of interest in almost every corner of the hall. The GCC reflects our industry's current developments, progress, and achievements toward advancing the science of chemical analysis.

EXHIBITOR BENEFITS

Gulf Coast Conference, the one stop source serving the analytical needs of the petrochemical, refining, oil & gas, and environmental fields. Combining approximately 190 presentations, workshops, and posters with over 260 vendor booths. GCC presents the single best opportunity to learn from and connect with the best and the brightest people in the industry. So many new techniques on display, down-sized instrumentation, new detection capabilities, improved standard methodologies, and actual mobile labs on the exhibit floor – the list seems to grow each year. Bringing this community together in the heart of petroleum country is the mission of this conference and we hope you enjoy the opportunity to learn, connect, and grow!

- Launch new products and services
- Introduce your company
- Contact new prospects and generate leads
- Discuss the needs of your customers face-to-face and demonstrate solutions
- Promote your image and maximize its market exposure
- Develop your database to strengthen your overall sales and marketing program

Additional Exhibitor Benefits:

GCC website listing which include company description and company URL

Listing on the Conference App

Pre and Post show attendee list

Free access to all technical sessions, workshops, seminars

Social Media Networks

Onsite Advertising (Program/Mobile App)

Complimentary hor-d'oeuvre's & beverages in Exhibit Hall on Tues & Wed for Exhibitors & Attendees

Opportunity to enter the New Product Showcase (winner to receive a free booth at the upcoming conference).

WHO SHOULD EXHIBIT?

Join the growing list of exhibitors who offer products and services in the following categories:

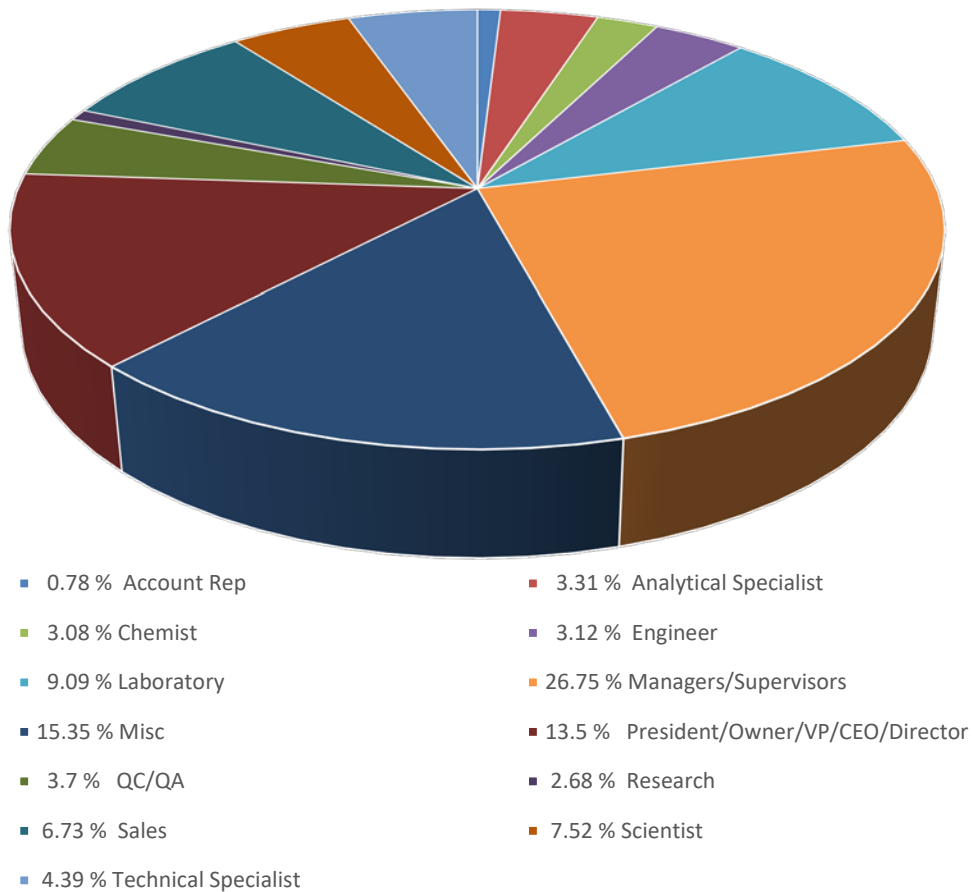

- Laboratory Equipment
- Laboratory Testing and Measurement
- Environmental Techniques Applications
- Laboratory Design & Furnishings
- Analytical Testing Services
- Analytical Instrument Manufacturers
- Scientific Glassware
- Data Management & Software
- Laboratory Information Management Systems
- Petrochemical Analysis
- Emissions Monitoring
- Oil & Crude Applications
- Laboratory Personnel Services

WHO ATTENDS?

Attendees visit the GCC Expo from 15 Countries and 35 States to gain insight of the widest range of products and services relevant to the petrochemical, environmental, and refining industries.

- Chemists
- Process Engineers
- Chemical Engineers
- Laboratory
- Technicians
- Sales
- Analytical Specialist
- Researchers
- Scientists
- Managers
